

# *Reduction of Unknowns in Einstein-Maxwell Field Equations*

## *II Characteristics [112], [(11)11], [(111)1]\**

V. HLAVATÝ

### CONTENTS

Introductory Remark

#### CHAPTER III: CHARACTERISTIC [112]

- (10) Prerequisites
- (11) Metric tensor and Christoffel symbols
- (12) Induced connections
- (13) Reduction of the unknowns
- (14) Cauchy data

#### CHAPTER IV CHARACTERISTIC [(11)11]

- (15) Prerequisites
- (16) Metric tensor and Christoffel symbols
- (17) Induced connections
- (18) Reduction of the unknowns
- (19) Cauchy data

#### CHAPTER V CHARACTERISTIC [(111)1]

- (20) Prerequisites
  - (21) Metric tensor
  - (22) Reduction of the unknowns
  - (23) Cauchy data
- Bibliography

**Introductory remark.** This paper is a direct continuation of [2]. The results as well as the symbolism of the paper [2] will be used here without further notice. This arrangement accounts also for the fact that the present paper starts with Chapter III while the two preceding Chapters were displayed in [2].
